DETAILED ACTION

EXAMINER'S AMENDMENT

1. An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it MUST be submitted no later than the payment of the issue fee.

The application has been amended as follows:

In the Claims:

In claim 21, lines 3-4, the phrase "the first retardation film, the second retardation film," has been replaced with "the first retardation film and the second retardation film,".

End of examiner's amendment.

Allowable Subject Matter

2. Claims 1, 2, 7, 15, 18, 21-23, 29-31, and 34-39 are allowed.
3. The following is an examiner's statement of reasons for allowance:

The prior art does not disclose the device of claim 1, in particular the limitations that there are reflective and transmissive display regions, a biaxial retardation film, and the sum W1 satisfies the recited inequality. Claim 1 is therefore allowed, as are its

dependent claims 7, 21-23, 29-31, and 34-37. For the same reasons, claim 2 is also allowed, as are its dependent claims 15 and 18.

The prior art does not disclose the device of claims 38 and 39, in particular the limitations that there are reflective and transmissive display regions, a biaxial retardation film, and the phase difference $((n_{x1}+n_{y1})/2-n_{z1}) \times d1$ satisfies the recited inequality. Claims 38 and 39 are therefore allowed.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
